

SUMMARY

Anna Dybo, Yulia Normanskaya. Periodization of Turkic loanwords in the Finno-Ugric languages

In the article the full corpora of the Turkic borrowings in the Mordvin, Mari, Permic and Ugric languages were analyzed. Due to consonant and vowel correspondences in these loanwords it is possible to distinguish between several stages of loaning in the languages (except Ob-Ugric) and in some cases to specify the absolute and relative chronology.
